

1. HPD can only imagine he would surely agree with ALL the FLORIDA-SMART Opinions contained through-out this website. For he IS only-Human and good-hearted-enough, and has Children he loves very-much, too.

Besides...he is our present President, and if you did NOT VOTE otherwise you should now aim your Anger at yourself.

It takes Courage to be a REAL American Citizen, as much as it takes to build one's own ECOhome to fight against the Development and Mortgage Monsters that are now ravaging our American Built & Natural Environments!

There is no POOF to REAL Life...wake UP!
